

# Alliance of Natural Resource Outreach and Service Programs

## Membership Application Form for Friends

### Membership Criteria and Rates

The primary members of the Alliance are programs that share the Alliance’s mission of promoting awareness and citizen stewardship of natural resources through science-based education and service programs. Friends are also an integral part of the Alliance. Although they do not coordinate an outreach and service program, they do support ANROSP and its mission and are also welcome to join. Friends will not have voting rights, but will have access to other membership benefits such as website publicity, the opportunity to nominate for awards and a conference discount for one person.

The membership period is for one calendar year, from January through December. The annual membership rate is \$50. Once your membership is approved you will be automatically added to our listserve and receive ANROSP correspondence. Please send a check made payable to “ANROSP” addressed to “ANROSP Membership” c/o Wanda MacLachlan, ANROSP Membership Chair, University of Maryland Extension, 11975 Homewood Road, Ellicott City, MD, 21042. Please submit this form electronically to [wtm@umd.edu](mailto:wtm@umd.edu)
